

My friends,

We are pleased to announce that beginning Saturday, June 5th, we will reopen our exam rooms to clients. In order to allow for proper social distancing between clients, the lobby door will remain locked and you will still need to call upon arrival to check in.

During check in, you will be given the option of staying in your car or coming into the building for your pet's exam. To keep the lobby clear, someone will come out to greet you when an exam room is available and escort you inside.

Masks must be worn in the building at all times. If you do not have a mask, one will be provided for you.

If your pet has a scheduled tech appointment such as a nailtrim or a Bordetella vaccine, if you are picking up medications or dropping your pet off with us, please call us on arrival. We will be continuing to provide curbside service and come out to your car.

For those individuals who do not feel comfortable coming into the building, we will be glad to accommodate you and come out to your car for check in. We ask that you stay on-site so that the doctor can speak to you after the exam is completed.

Thank you for your patience and we look forward to seeing you in person again for appointments!
